SPLIT UP SYLLABUS FOR OCT, NOV & DEC --- 2020
SUB - - CHEMISTRY CLASS ---- 12

NAME OF TEACHER →		NARMENDRA KUMAR	CHANDAN KUMAR	GOPAL CHOWDHURY	KESHAB KUMAR TEWARI	VIJAY KUMAR SINGH
DATE	DAY	12A & 12E	12B & 12D	12C & 12J	12 F & 12 G	12 H & 12 I
08 OCTOBER	THU	Nomenclature of Halide compound	Nomenclature of Halide compound	Nomenclature of Halide compound	Nomenclature of Halide compound	Nomenclature of Halide compound
09 OCTOBER	FRI	Preparation of alkyl and aryl halides	Preparation of alkyl and aryl halides	Preparation of alkyl and aryl halides	Preparation of alkyl and aryl halides	Preparation of alkyl and aryl halides
10 OCT	SAT		Preparation of alkyl and aryl halides			
12 OCTOBER	MON	Preparation of alkyl and aryl halides	Preparation of alkyl and aryl halides	Preparation of alkyl and aryl halides	Preparation of alkyl and aryl halides	Preparation of alkyl and aryl halides
13 OCTOBER	TUE	Properties of alkyl and aryl halides	Properties of alkyl and aryl halides	Properties of alkyl and aryl halides	Properties of alkyl and aryl halides	Properties of alkyl and aryl halides
14 OCTOBER	WED	Properties of alkyl and aryl halides	Properties of alkyl and aryl halides	Properties of alkyl and aryl halides	Properties of alkyl and aryl halides	Properties of alkyl and aryl halides
15 OCTOBER	THU	Properties of alkyl and aryl halides	Properties of alkyl and aryl halides	Properties of alkyl and aryl halides	Properties of alkyl and aryl halides	Properties of alkyl and aryl halides
16 OCTOBER	FRI	Classification and Nomenclature of alcohols and Ether	Classification and Nomenclature of alcohols and Ether	Classification and Nomenclature of alcohols and Ether	Classification and Nomenclature of alcohols and Ether	Classification and Nomenclature of alcohols and Ether
17 OCT	SAT		Classification and Nomenclature of alcohols and Ether			

19 OCTOBER	MON	Preparations alcohols and phenols	Preparations alcohols and phenols	Preparations alcohols and phenols	Preparations alcohols and phenols	Preparations alcohols and phenols
20 OCTOBER	TUE	Preparations alcohols and phenols	Preparations alcohols and phenols	Preparations alcohols and phenols	Preparations alcohols and phenols	Preparations alcohols and phenols
21 OCTOBER	WED	Physical Properties of alcohols and phenols	Physical Properties of alcohols and phenols	Physical Properties of alcohols and phenols	Physical Properties of alcohols and phenols	Physical Properties of alcohols and phenols
02 NOV	MON	Properties of alcohols and phenols	Properties of alcohols and phenols	Properties of alcohols and phenols	Properties of alcohols and phenols	Properties of alcohols and phenols
03 NOV	TUE	Properties of alcohols and phenols	Properties of alcohols and phenols	Properties of alcohols and phenols	Properties of alcohols and phenols	Properties of alcohols and phenols
04 NOV	WED	Preparation of Ethers	Preparation of Ethers	Preparation of Ethers	Preparation of Ethers	Preparation of Ethers
05 NOV	THU	Properties of Ethers	Properties of Ethers	Properties of Ethers	Properties of Ethers	Properties of Ethers
06 NOV	FRI	Preparations of aldehyde and ketones	Preparations of aldehyde and ketones	Preparations of aldehyde and ketones	Preparations of aldehyde and ketones	Preparations of aldehyde and ketones
07 NOV	SAT		Preparations of aldehyde and ketones			
09 NOV	MON	Preparations of aldehyde and ketones	Preparations of aldehyde and ketones	Preparations of aldehyde and ketones	Preparations of aldehyde and ketones	Preparations of aldehyde and ketones
10 NOV	TUE	Physical properties of aldehyde and ketones	Physical properties of aldehyde and ketones	Physical properties of aldehyde and ketones	Physical properties of aldehyde and ketones	Physical properties of aldehyde and ketones
11 NOV	WED	Chemical reactions of aldehyde and ketones	Chemical reactions of aldehyde and ketones	Chemical reactions of aldehyde and ketones	Chemical reactions of aldehyde and ketones	Chemical reactions of aldehyde and ketones

12 NOV	THU	Chemical reactions of aldehyde and ketones	Chemical reactions of aldehyde and ketones	Chemical reactions of aldehyde and ketones	Chemical reactions of aldehyde and ketones	Chemical reactions of aldehyde and ketones
23 NOV	MON	Chemical reactions of aldehyde and ketones	Chemical reactions of aldehyde and ketones	Chemical reactions of aldehyde and ketones	Chemical reactions of aldehyde and ketones	Chemical reactions of aldehyde and ketones
24 NOV	TUE	Preparation of carboxylic acid	Preparation of carboxylic acid	Preparation of carboxylic acid	Preparation of carboxylic acid	Preparation of carboxylic acid
25 NOV	WED	Physical properties of carboxylic acid	Physical properties of carboxylic acid	Physical properties of carboxylic acid	Physical properties of carboxylic acid	Physical properties of carboxylic acid
26 NOV	THU	Chemical reactions of carboxylic acid	Chemical reactions of carboxylic acid	Chemical reactions of carboxylic acid	Chemical reactions of carboxylic acid	Chemical reactions of carboxylic acid
27 NOV	FRI	Classification and nomenclature of amines	Classification and nomenclature of amines	Classification and nomenclature of amines	Classification and nomenclature of amines	Classification and nomenclature of amines
28 NOV	SAT		Classification and nomenclature of amines			
01 DEC	TUE	Preparation of amines	Preparation of amines	Preparation of amines	Preparation of amines	Preparation of amines
02 DEC	WED	Physical properties of amines	Physical properties of amines	Physical properties of amines	Physical properties of amines	Physical properties of amines
03 DEC	THU	Chemical properties of amine	Chemical properties of amine	Chemical properties of amine	Chemical properties of amine	Chemical properties of amine
04 DEC	FRI	Chemical properties of amine	Chemical properties of amine	Chemical properties of amine	Chemical properties of amine	Chemical properties of amine
05 DEC	SAT		Chemical properties of amine
